## OREGON GROWN ORCHIDS

The following divisions are established and available on a first come basis as there is only one of each. The *Paph. haynaldianum* offered here are award quality and among the best. These are from the Award of Quality grex from Sam Tsui at the Orchid Inn. Thank you for your continued support.

### *Paph. haynaldianum* 'Josephine'

This cultivar is AM quality, one of the best to flower with outstanding color, the petals are exceptional. One previously flowered growth, one growth in flower, and one new growth.

**\$ 700.00 – 5" pot**

### *Paph. haynaldianum* 'Aileen'

Another superb cultivar with horizontally held petals not often seen in this species. Four growths.

**\$ 400.00 – 5" pot**

### *Paph. haynaldianum* 'Parachute'

One of the best from the grex, this and 'Josephine' are my personal favorites. One previously flowered growth, one unflowered growth and one lead.

**\$ 500.00 – 5" pot**

### *Paph. armeniacum* 'Golden Globe'

Well established one growth. One of our best cultivars we are using in our breeding program.

**\$ 200.00 – 4" pot**

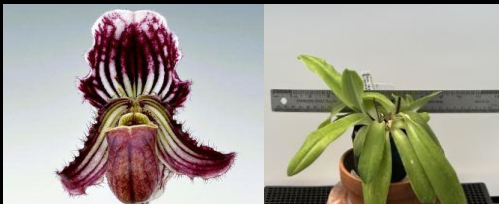

***Paph. hirsutissimum* var. *albescens* 'Alfri' AM/AOS**  
 Division of this stunning flower with just a hint of pink in white portion of the petals. Large multiple growth plant in a 3.25" pot.

**\$ 300.00 – 3.25" pot**

***Paph. hirsutissimum* var. *esquirolei* 'Williams' HCC/AOS**  
 Nice division of this awarded cultivar. Always a delight when in flower. One previously flowered growth, three unflowered growths.

**\$ 200.00 – 4" pot**

***Paph. fairrieianum* 'Blood Clot'**

One of the best for dark red color. As good or better in color than the FCC cultivar 'Hillsview'. Three previously flowered growths, one unflowered, and two new leads. Well grown plant fills this 3.25" pot.

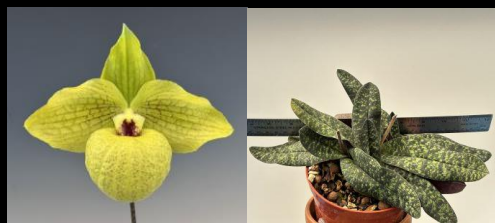

**\$ 300.00 – 3.25" pot**

***Paph. Golden Palace* '031823'**

Three previously flowered growths and four leads. This is a vigorous grower in a 5" pot. One of many selected cultivars from our keeper bench.

**\$ 300.00 – 5" pot**

***Paph. Norito Hasegawa* '031823'**

We have quite a few selected cultivars from this grex, this one is from our breeding bench and is a very nice flower. Two previously flowered growths and three new growths.

**\$ 350.00 – 5" pot**

***Paph. Norito Hasegawa* '22022'**

Nice wide petals one as the flower opens it takes on more yellow color as it ages. Two previously flowered growths and two leads.

**\$ 400.00 – 5" pot**

***Paph. Norito Hasegawa 'Lime Silk'***

Marked 4 stars as one of the best for shape. This one is from our breeding bench. Two previously flowered growths and four new growths.

**\$ 500.00 – 5" pot**

***Paph. Norito Hasegawa '022724'***

Very fine quality flower from our breeding bench. Great color and form, the dorsal sepal is wide and flat. One previously flowered growth, two unflowered growths, and one lead.

**\$ 400.00**

***Paph. Precocious 'Hillsview' AM/AOS***

The color is exceptional and singular in Complex Paphiopedilums. This has been an excellent parent both pollen and pod fertile. I believe this is the first time this division is being released.

**\$ 750.00 – 5" pot**

***Paph. Desert Rain 'Ringo'***

From Barry Fraser's Papa Aroha Orchids this has been an outstanding parent for us. It is the parent of Osage Eagle, Rango, and Dark Warlock to name a few. Both pollen and pod fertile.

**\$ 400.00 – 5" pot**

***Paph. Olympic Sunrise 'Sol'***

We selected 5 different cultivars of this grex to use for in our breeding program. This is just the second cultivar to be released. Broad segments and great shape. Pollen and pod fertile.

**\$ 400.00 – 5" pot**

***Paph. Valerie Tonkin 'Hillbilly' AM/AOS***

A superb flower and excellent parent. Nice multiple growth plant.

**\$ 300.00 – 5" pot**
